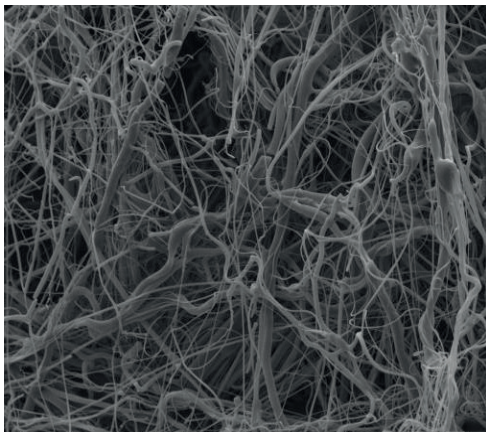
Automotive Solutions

3M™ Thinsulate™ Accoustic Insulation

Thinsulate™ is a non-woven mat with excellent sound absorbing properties, useful in many automotive applications:

- **Vehicle cabins**
- **Headliners**
- **Trim panels**
- **Inside door panels**
- **Instrument panels**
- **Pillar trim and stuffers**
- **Package trays**
- **Luggage compartment interiors**
- **Wheelarch liners**



Magnified image of Thinsulate™

It is compressible, non-linting, lightweight, and can be easily die-cut. A polyolefin scrim on one side protects the fibres. It also has been surface treated on both sides to provide better attachment of the scrim and better abrasion resistance of the fibre. This material is available with adhesive.

Thinsulate™ Acoustic Material Weights

For assistance specifying the right Thinsulate™ product for your application, contact the automotive experts at Thomco.
